PORTABLE TOILETS

E&E Waste has a large quantity of portable toilets that can be hired on a long or short term basis and fully serviced including emptying, cleaning and re-stocking with paper rolls and towels at intervals that suit you.

These toilets can be stand alone or integrated into a durable trailer in single or multiple configurations, ideal for industrial sites, building sites, public events or even private parties.

COMMERCIAL WASTE

E&E Waste aim to be leaders in commercial waste in terms of service and reliability, having serviced the Goondiwindi region for many years. We now offer many of these services in Toowoomba, Darling Downs and Lockyer Valley.

There is really no job too big or too small and we can supply sturdy bins according to your needs.

Front-lift Bins

Our newest front-lift bins are designed for all types of commercial and domestic waste. These solid metal bins have durable, light plastic lids, are painted, lockable and can be easily wheeled around. They are available in 3 sizes:

1.5 Cubic Metres / 3.0 Cubic Metres / 4.5 Cubic Metres

We can service the bin according to your needs, whether that's daily, weekly or monthly.

Hook-lift Bins

Our large industrial hook-lift bins have an incredible capacity of 30 Cubic Metres, with steel, hydraulic lids.
