

Effective Date: 12 December 2019

Purpose

As a leading Waste and Recycling services company in Toowoomba and Goondiwindi Queensland, E&E Waste Pty Ltd (E&E Waste) is committed to providing our customers with quality products and services in accordance with ISO9001:2015.

Principles

We strive to meet our customers' quality expectations through good management, efficient production procedures and superior quality control techniques.

To achieve this objective E&E Waste will:

- Maintain an effective quality management system
- Implement operating practices which enable employees to carry out their responsibilities consistently and efficiently
- Regularly review operating practices to improve the quality and consistency of our products and services
- Ensure employees have the necessary competence to perform the work which affects product quality
- Evaluate and monitor the performance of our suppliers to ensure that they supply quality products and services
- Hold all levels of management accountable for quality in their area of responsibility; and
- Monitor the effectiveness of the quality management system against measurable objectives to facilitate continuous improvement.

Each employee of E&E Waste has a responsibility to ensure that this objective is achieved.

Jaime McGuire
